

**CAMINO** is the Coordination and Support Action entitled '**Comprehensive Approach to cyber roadMap coordINation and develOpment**', a European research project in the security topic 'Developing a Cyber Crime and Cyber Terrorism research agenda' funded by the European Union's 7th Framework Programme.

Comprehensive Approach to cyber roadMap coordINation and develOpment (**CAMINO**)  
[www.fp7-camino.eu/](http://www.fp7-camino.eu/)

The **CAMINO** main strategic objectives are as follows:

- » **To develop a comprehensive Cyber Crime and Terrorism research agenda, through:**
  - » Technical security issues
  - » Human Factors impacting on use
  - » Organizational requirements
  - » Regulatory and Legislative changes, and
- » **To initiate long-term activities with the aim to provide a stable EU environment for tackling Cyber Crime and Terrorism through the creation of a platform of security research experts and organisations.**

**CAMINO** will prepare the guidelines, its professional community's recommendations and a comprehensive research roadmap for the European Commission regarding fighting Cyber Crime and Terrorism. **CAMINO** is offering a long-term EU Cyber research platform with a Cyber Security "think tank". **CAMINO** is already strongly linked to the EU Integrated Mission Group for Security (IMG-S) Cyber Security Thematic Area (TA7).

This project has received funding from the European Union's Seventh Framework Programme for research, technological development and demonstration under grant agreement no 607406
